

NEW ENGLAND BAPTIST HOSPITAL

Development Office
125 Parker Hill Avenue
Boston, MA 02120

Donors and friends of New England Baptist Hospital gathered on April 29, 2011 for the Transformation and Innovation Gala, an evening that celebrated the successes of the hospital's Campaign for Care. The evening was capped by the presentation of the 2011 NEBH Legendary Leader Award to Kevin Phelan, Co-Chair, Colliers International, and a grateful Baptist patient who is known for his integrity, focus and energy.

During the cocktail reception, guests chatted against a backdrop of exhibits that featured a range of clinical and research advances by NEBH staff representing all of the Baptist's areas of clinical specialty. Several gala sponsors exhibited new medical devices and other technology.
